Hi,
Thanks for the great tool, amazing tool, especially given it is free.

One feature, hopefully minor, that would be useful is if the Column Header can be extended to 2 or 3 lines so you can easily see the column name.

Thanks,

Simon.

Hi Simon,

yes, this was requested by many people. It is now implemented in the development patch downloadable as openmolecules.org/datawarrior/dw521win.zip (Windows) or [dw521x.zip](https://openmolecules.org/datawarrior/dw521x.zip) (Mac/Linux)

Thomas
