---

Starting with: 500K smiles, cpdID, plateID  
Here's what I'm ultimately trying to get to...

plateID | Num Scaffolds | Scaffolds (smiles of scaffold)

-----  
abc01 | 5 | phenyl, pyridine, indole, thiazole, naphthyl  
abc02 | 3 | phenyl, pyrimidine, naphthyl  
abc03 | 2 | indole, oxazole

Actually the 1st two columns are what I need.

Greg
