Subject: ChemAxon plugin Posted by Christophe on Thu, 03 Feb 2022 11:19:41 GMT View Forum Message <> Reply to Message

Hello,

I've just get a ChemAxon licence and I'd like to activate the "clogD at pH 7.4" as well as all options included into the "Ionization" table from the "Calculate Compound Properties" Menu.

Can somebody please explain the procedure to use the ChemAxon capabilities into DataWarrior? Thanks

Christophe
