Subject: Re: Saving 2D-structure with labels
Posted by thomas on Mon, 27 Jun 2022 16:45:19 GMT

Dear Vijay,

the ChEMBL server was updated recently to ChEMBL version 30.

If you select a structure view, which shows labels, and if you then select print from the File menu
and choose a PDF-printer, then you should get a nice paginated PDF document with as many
pages as needed to cover all your structures. The following picture shows a fraction of the pdf...
