
Subject: Re: error when edit with WYSIWYG in Explanation view

Posted by [ksong](#) on Thu, 11 Jan 2024 05:02:03 GMT

[View Forum Message](#) <> [Reply to Message](#)

Thanks a lot for the information. I've downloaded the debug version, below is the output from the command window(duplicated error message was removed. the main GUI was stuck on the error window, it was killed from task manager):

Microsoft Windows [Version 10.0.19045.3693]
