Subject: Re: Feature request: Structure does not contain Posted by thomas on Fri, 06 Sep 2024 07:58:57 GMT View Forum Message <> Reply to Message

There are two easy ways to achieve that:

- use a structure filter in 'contains' mode and just draw one atom; then invert the filter or
- use a structure filter in 'contains' mode and just draw one atom; select the lasso tool, double click the atom and select 'is part of exclude group'

Now you could use 'List->Create Row List From->Visible Rows...'
