Version 4.7.1 gives an error on attempted structure copy from within DW.
Also, trying to copy as (any option from ChemDraw) and then paste into DW gives the same error.

Sorry for the issue and thank you for the message. After investigation it seems that only Windows 64-bit is affected. You may solve the issue by renaming the 'actelionclip.dll' file in 'C:\Program Files\DataWarrior\' directory to 'actelionclip64.dll'.
Nevertheless, I will release a minor update soon that resolves the issue.
