I can download and install DW successfully. When I open DW a banner appears that I can't get rid of and prevents me from using DW. Banner appears to be an add for enamine real space, alpherion hyperspace, chemspace and freedomspace.

Hi Thomas,

I did both but nothing is functional. If I open a DW file I can see that the data in uploaded but I still can't get past the add banner! Kind of driving me crazy!!!
